## PISTOL BAY MINING ANNOUNCES LEI NUMBER

**December 22, 2017:** Pistol Bay Mining Inc. (TSX-V - PST; Frankfurt - OQS2) (“**Pistol Bay**” or the “**Company**”) is pleased to announce that it has been assigned the Legal Entity Identifier (“LEI”) number 5299009H8LVJKFT8ZN10. The European Union has adopted regulations that require use of the LEI as a barcode equivalent aimed at pinpointing systemic risks.

### **About the Legal Entity Identifier (LEI)**

The Legal Entity Identifier (LEI) number is a 20-digit alphanumeric code. It is an internationally standardized and globally valid identifier for financial market participants. Its purpose is to clearly and unequivocally identify contracting parties (e.g., companies, banks, and investment funds). It is used to comply with a variety of financial reporting requirements. The Deutsche Borse Group has stated that “the LEI will clearly assist the regulatory authorities in monitoring and analysing threats to the stability of the financial markets, (but) it can also be utilised by counterparties internally for risk management purposes.”

Pistol Bay meets the requirement for all companies listed on German Stock Exchanges (ie. Frankfurt Stock Exchange) to have an LEI number by January 3, 2018.

According to the website of the Deutsche Börse Group, the LEI number will affect most aspects of the securities markets in Europe, including trading, clearing, settlement, custody, collateral and liquidity management, market data and indices. (See <http://deutsche-boerse.com/dbg-en/regulation/regulatorytopics/legal-entity-identifier>)

Cautionary note:

This report contains forward looking statements. Resource estimates, unless specifically noted, are considered speculative. Any and all other resource or reserve estimates are historical in nature, and should not be relied upon. By their nature, forward looking statements involve risk and uncertainties because they relate to events and depend on factors that will or may occur in the future. Actual results may vary depending upon exploration activities, industry production, commodity demand and pricing, currency exchange rates, and, but not limited to, general economic factors. Cautionary Note to US investors: The U.S. Securities and Exchange Commission specifically prohibits the use of certain terms, such as "reserves" unless such figures are based upon actual production or formation tests and can be shown to be economically and legally producible under existing economic and operating conditions.
